

# F-Style Metal Cans

1 Gallon, Quart, and Pint

Pipeline's Metal F-Style Metal Cans ranging from 1/2 pint to 1 gallon, offer versatile storage solutions for industrial needs. Crafted from premium tin-plate steel, these cans provide excellent resistance to rust and added protection for contents. Metal F-Styles are well-suited for chemicals, lubricants, paint thinners, solvents, automotive fluids, and more.

*Note that closures are sold separately.*
